WOOD RODGERS

ENGINEERING, ARCHITECTURE, CONSTRUCTION

Principal

Karl Meier

Wood Rodgers, Inc. promotes **Karl Meier** to Principal, with 20 years of experience as both a consultant and as a District Engineer for a public water agency in design, preparation, operations, maintenance, and management of large municipal systems and water infrastructure. His extensive experience includes design of water, recycled water and wastewater infrastructure including pump stations, pipelines, wells, pressure reducing stations and reservoirs, including hydraulic modeling and expertise in a variety of hydraulic modeling platforms. Additionally, his construction management and inspection experience allows him to ideally balance project execution, risk identification / mitigation, and long-term asset ownership / maintenance for each project.
