HONORING VETERANS by Preserving Their Legacy

For 70 years the Mount Soledad Memorial Association has maintained this iconic beacon of freedom which honors over 5,500 veterans. The Memorial is a place of pride and a source of inspiration to all. It offers a tranquil setting with beautiful views of San Diego and the Pacific Ocean.

The perfect place to honor our veterans. The array of thousands of black granite plaques with the photos of veterans and their short stories, combined with the cross at the top of the memorial is what has made this memorial one of the most visited locations in San Diego.

CONGRATULATIONS

#PromiseMaker

"As a parent, we have been fortunate enough to provide our kids with their every need. On the other hand, foster youth experience things that most of us couldn't fathom, yet they try so hard to overcome these obstacles. Every child deserves an opportunity to flourish, grow, and to have joy in their lives!"

Aging is Beautiful

While the aging population is growing, the number of people choosing a career in senior care has declined. Even so, exciting advancements in technology, community collaborations, and employee engagement will pave the way for a strong and successful support system for San Diego's aging population.

St. Paul's Senior Services' vision for innovative new programs and communities will improve how seniors experience aging. That is our commitment to you, our city, our employees, and the seniors we serve.
