# UCI Paul Merage School of Business

Leadership for a Digitally Driven World™

## University of California, Irvine (UCI) The Paul Merage School of Business

Digital technology has drastically changed how companies operate and grow. Will you be able to keep up with the pace of change and innovation? More importantly, will you be prepared to lead the way?

UC Irvine's Paul Merage School of Business MBA programs offer a personalized educational experience to help students develop the tools and leadership skills to think creatively and strategically about the challenges and opportunities created by digital technologies.

### Count on a commitment to unparalleled educational quality

The Merage School and its programs consistently rank among the top schools nationally and globally. Worldwide, business leaders choose the Merage School, realizing that its unique combination of curriculum, career advancement, collaboration culture is unparalleled in peer institutions.

"We have made a commitment to our students to provide the highest quality education possible," said Eric R. Spangenberg, Dean of the Merage School. "Our faculty, students, staff and the business community continually collaborate to ensure our curriculum and resources meet the demands of our students and the employers that hire them. This open dialogue provides tremendous value to our school, our students and the business community."

The UCI Paul Merage School of Business is proud to offer three highly ranked MBA programs:

### Full-Time MBA

The Full-Time MBA program is geared toward highly motivated professionals who want to develop critical leadership skills and increase their career potential. Graduates from this unique two-year program represent diverse academic, professional and cultural backgrounds, and rejoin the workforce with a leadership skill set for the digital world

### Fully Employed MBA (FEMBA)

The Fully Employed MBA program is designed for early to mid-career working professionals and managers who want to pursue a graduate education while they continue their career climb. Students have the flexibility to customize the program around their career objectives and graduate in as few as 24 months. FEMBA students also participate in an international experiential learning opportunity and an executive leadership residential, both unique to the Merage School program. Classes are offered weeknights on-campus and in a hybrid format that combines the best in online learning with four on-campus Saturdays per quarter.

### MBA for Executives (EMBA)

The MBA for Executives program is designed for those who want to immerse themselves in the dynamic thinking required in our current business environment and aligns with the career goals of mid to senior-level professionals. Classes are held every third weekend for 21-months beginning in September in a format that

supplements in-class sessions with state-of-the art online learning between class weekends. Specializations may be earned in Digital Transformation; Real Estate and Urban Development; and Innovation and Entrepreneurship. A Healthcare Leadership Track has been built out within EMBA for those who want to apply their knowledge of business as a leader in the changing healthcare industry.

### Specialized Masters Programs

In addition to these well-respected MBA programs, the Merage school also offers four specialized one-year master's degree designed for early career professionals ready to launch into their field.

- **Master of Finance:** Preparing students for entry and mid-level finance positions such as risk management, portfolio management, asset and wealth management.
- **Master of Innovation and Entrepreneurship:** The only program of its kind in the UC System, providing extensive integrated and immersive academic and practical experience for students looking to embark on careers as entrepreneurs (innovating to form new companies) and intrapreneurs (innovating within existing companies).
- **Master of Professional Accountancy:** Preparing students for a successful accounting career by offering an intensive and comprehensive one- or two-year option.
- **Master of Science in Business Analytics:** Preparing students for high-demand opportunities in big data and business analytics across a variety of industries throughout California and beyond.

## Chapman University Argyros School of Business and Economics

**Five Questions with Christopher Pagel '04 (MBA '06) Assistant Dean, Graduate Business Programs at Chapman University's Argyros School of Business and Economics.**

### 1. How does an MBA prepare you to tackle challenging economic circumstances, like Orange County is facing in the wake of the coronavirus pandemic?

In uncertain times, strategic thinking backed by quantitative analysis is an absolute necessity. Middle managers and those early in their career can only gain this skill in a rigorous MBA program. Whether you are an entrepreneur or looking to climb the corporate ladder, an MBA from the Argyros School of Business and Economics at Chapman University will distinguish you as industries reshape post-pandemic. Opportunities will be numerous; having the arsenal of skills and contacts from an MBA program like ours will be extremely valuable to candidates and companies alike.

### 2. What are the qualities that distinguish business leaders in Southern California?

Strategic thinking, data analytics, and strong financial modeling skills are in high demand. The Argyros School is training students to meet that demand. Our new Masters of Science in Real Estate (MSRE) program brings C-Suite real estate leaders into a personalized classroom environment to train students with the skills that make an impact in their businesses. Our goal is for Argyros students to be hired at graduation, accelerate into leadership roles, and add direct value to companies on their first day in the job.

### 3. What's the competitive edge that Argyros School of Business and Economics offers MBA candidates that can help them get ahead in their careers?

Nobody has better connections in the Orange County business community than the Argyros School, and we leverage them through unmatched career services. We provide students with a personal headhunter to unlock doors to new opportunities. Our faculty are world renowned thought leaders, Nobel prize winners, C-level executives, entrepreneurs and cutting-edge researchers. They take a personal interest in each student, devoting their time, expertise, mentorship and connections to advancing students' careers. The Argyros School is ranked #3 of private full-time MBA programs on the west coast, which is due to our talented faculty, personalized career services and unmatched connections.

### 4. How are graduates from Argyros School shaping the local business landscape?

Argyros School Alumni hold leadership positions across the business landscape. From technology to real estate, finance, global supply chain and more. Our graduates bring corporate strategy, quantitative analysis and forecasting to advance their organizations. Encountering an Argyros School Graduate as a decision-maker in major companies is becoming more prominent each year.

### 5. What makes right now the best time to get an MBA?

Making the choice to invest in your career and education will always earn dividends. In times of economic uncertainty, beginning a graduate program will give students the right skills to capitalize on for jobs at graduation. The dedicated Career Services team in the Argyros School is key to candidates sealing the deal on their next promotion, job search, and/or career change.

## Concordia University Irvine Master of Business Administration (MBA)

Many of our MBA students know at the outset that they have what it takes to become successful business leaders or entrepreneurs. They're just not sure how to harness it. What they need is direction from someone who's been there, to help develop and bring their gifts to fruition. That's where we come in. At Concordia University Irvine, our MBA program has a history of coming alongside such students, regardless of life stage or occupation.

"My husband and I landed on Concordia's MBA program because it checked every single box: it was affordable, close to us, had the accreditations we wanted, and small class sizes. To this day, we can't praise it enough."

Jamie Buda MBA '18

This is a program that will help you explore and refine your talents. Whether you want to advance in an established firm or leap into your own startup, you'll learn ways to make it happen. Our flexible and face-to-face program allows you to immediately start applying your education by concentrating on the practical side of business, without ignoring management theory.

Most importantly, you will discover a cooperative and collaborative environment in our classrooms. Students develop bonds that help advance and last throughout their careers. And Concordia MBA professors teach from experience. In fact, when they're not in the classroom, many are running successful businesses of their own throughout Orange County and the greater Los Angeles area. You will learn from instructors who want to share their insights by mentoring the next class of emerging business talent. They're here to help prepare and equip you for your career path, wherever it leads.

### Professional Calling

As a Lutheran Christian university, our MBA courses are taught by faculty who understand God's gifting of individuals. They are dedicated to helping you fulfill your professional calling.

"It was a really good fit because Concordia is focused on having professors and students in the business world, and using that to learn. As a Christian university, having those values behind the education of business is important to me as well."

Michael Simons MBA '18

### Six Start Dates Per Year

We offer six start dates throughout the year, so as a working professional, you can make it work with your schedule. Courses are offered Monday-Thursday evenings, with some elective courses also available on Saturdays. Our hilltop campus is conveniently located near the 405 freeway in Irvine.

### Learn from Experience

Our hand-picked faculty are experienced and qualified professionals from Orange County's thriving business economy. Their mission is to share their knowledge about what makes business leaders successful. Our emphasis on accessible mentorship means our professors are looking to actively align with your business goals.

### Internationally Accredited

Our School of Business and Economics voluntarily participated in a rigorous evaluation by highly-trained reviewers and, as a result, is proud to have received accreditation from the International Accreditation Council for Business Education (IACBE). You can be assured that our goal is your academic and occupational success.

"The program opened new possibilities for my life. I had very good experiences with the classes and interactions with other students. I really enjoyed the collaboration. I feel comfortable applying for any business-related position now."

Lucie Wang MBA '19

### Take the Next Step in Your Career Today

Our MBA is offered at a fraction of the cost of other campus-based and private MBA programs – and because we do not require the GMAT, this saves you time and money as well. We simply don't believe that the GMAT is the best predictor of emerging business professionals. Visit our website to contact one of our admissions specialists or start your application today.

# California State University, Fullerton Mihaylo College of Business and Economics

Cal State Fullerton’s Mihaylo College of Business and Economics – the largest business college in California – offers a range of graduate programs in business, economics, information systems and related fields. Designed to prepare the next generation of leaders, each program is flexible to the needs of today’s working students and provides world-class expert faculty and a diverse group of peers.

Many of the more than 65,000 Mihaylo College alumni are leaders in Southern California and globally in the for-profit, philanthropic and public sectors, and together form an engaged and dedicated network supporting students who seek a higher education here. Many of our accomplished graduates are leaders within their organizations as CEOs, CFOs and CIOs.

With prestigious dual accreditation in both business and accounting by the Association to Advance Collegiate Schools of Business (AACSB), Mihaylo College is widely respected in Southern California and beyond, distinguished for its commitment to the latest instructional technologies, a commitment to research with application to both academics and the business community, integration of professional and academic practical opportunities for students, and access to a wide range of traditional and virtual internships. The college is also home to the Centers of Excellence, which connect students with the business community in specific fields, such as entrepreneurship and insurance studies.

As the economy and many of our students face uncertain times, Mihaylo College graduate programs offer an affordable alternative. Financial aid from state, federal and private sources, as well as a generous array of scholarships, are available.

And with the support of dedicated career professionals specific to Mihaylo Graduate Programs, as well as comprehensive, supportive and flexible career and academic advising programs, students are assured they will stay on track to graduate and make their mark on their chosen field.

### Earning Your Degree as a Business Professional Through the Fully Employed MBA

Designed for you – today’s working professional seeking to rise to the next level in your field – Mihaylo College’s Fully Employed MBA (FEMBA), offered at an auxiliary location in Irvine, provides a 36-month cohort-based model with evening courses, allowing students to focus on a single course every six to eight weeks.

### Setting Your Sights on Your Future Through the Flex MBA

Earn an MBA at your own pace, with a specialty of your choosing, through the Flex MBA program, which is based at Mihaylo College’s main campus in

Fullerton. There are 12 concentrations: accounting, business analytics, entrepreneurship, finance, information systems, management, marketing, marketing analytics, organizational leadership, risk management and insurance, and supply chain management, as well as general business. Within all concentrations, a capstone consulting project provides an opportunity to build connections in the professional world and put coursework into practice.

**Other Business Graduate Programs**  
Mihaylo College also offers several non-MBA graduate programs, providing specialization for those seeking to lead and thrive in growing industries. These include the M.S. in accountancy, M.A. in economics, M.S. in taxation, M.S. in information systems, fully online M.S. in information technology (ranked second in California and 15th nationally for non-MBA business graduate programs by *U.S. News and World Report*), and an M.S. in financial engineering and risk management.

# University of La Verne: Educating Business Leaders Across the Globe

They work for municipalities and major corporations such as Aerojet, American Express, Los Angeles County, and MTV. University of La Verne alumni with a Master of Business Administration (MBA) degree have found success in industries worldwide.

That's just one of the reasons college rankings place the university's MBA program high on their lists.

College Choice ranked the University in its "10 Best Online MBA Programs for California in 2017." The university placed in the top 10 west coast colleges and universities in Online MBA Report's "Online MBA Rankings" for 2015-2016. Washington Monthly, in its inaugural list of "America's Best Colleges for Adult Learners," ranked the University of La Verne third among private 4-year colleges in the state in 2016.

"We strive to be the college of choice in the region," said Abe Helou, dean of the College of Business and Public Management. "The academic quality of our programs, the convenience of our schedules, and, more importantly, the commitment

of our faculty and staff make our programs the most popular in Southern California."

About 41 percent of graduate students at the University of La Verne pursued an MBA at one of the university's 10 California campuses or online last academic year, making it one of the university's most popular programs.

The program equips students to advance their careers by becoming better problem solvers, gaining decision-making skills, and learning teamwork, ethics, and corporate responsibility.

The program offers concentrations in accounting, finance, information technology, international business, management and leadership, marketing, supply chain management, and health services management. Alumni have gone on to leadership positions at organizations such as the U.S. Department of Commerce, Verizon, and Xerox.
