Dear Readers,

It’s amazing how time flies. Ten years ago, the Giving Guide was born and now we are celebrating our 10th anniversary by featuring over 70 nonprofits in our community, the largest amount to date.

Thanks to growing community support from our corporate friends, we have a record amount of underwriting support this year too.

My goal is to continue growing underwriting support each year and with your help we can do that. If you are a board member of a nonprofit organization that is not included in this year’s guide, please contact us to get them involved in the 2020 edition.

Thank you to our publication sponsors: Association of Fundraising Professionals (AFP), Citizens Business Bank, City National Bank, Irvine Company Resort Properties Coastal Collection and SingerLewak, as well as all of the underwriters of individual nonprofits featured in the Giving Guide. Thank you to our amazing team: Jamie Derby for editing the content and Rich Loyd, Martin Nichols, Brett Miller and Kristen Potter for graphic design.

I’m proud to be part of such a giving community. I welcome the opportunity to talk further with any of you on ways to support our nonprofit friends so that they can continue to serve those in need in Orange County and beyond.

With great appreciation,

Amy Sfreddo

THANK YOU TO LUGANO DIAMONDS FOR SPONSORING THIS AD
Philanthropy Your Way
by Shelley Hoss, President, Orange County Community Foundation

How quickly are you drawn to a new product or technology? As consumers, a few of us are innovators, some early adopters, while others wait for the bugs to get worked out before diving in. This framework is a go-to for marketers and salespeople, but do you know your style when it comes to giving?

Like consumers, donors face a labyrinth of choices when deciding where and how to give. Do you like being first to tackle a tough issue? Or would you rather fund a well-proven strategy that’s stood the test of time?

The good news is that all roads can lead to meaningful impact if you know which giving strategy is right for you.

Philanthropic Innovator
Are you driven to tackle problems that aren’t on others’ radar? Like Ranney Draper—a successful real estate entrepreneur whose vision and generosity has opened the door to college for tens of thousands of underserved students. Now Ranney is taking on an even bigger challenge—ensuring these students complete their education by funding an innovative start-up designed to bolster college persistence.

Early Stage Investor
Perhaps you’d rather see promising new programs gain traction. Like a group of Orange County Community Foundation (OCCF) donors concerned about veterans returning home from military service. Programs to aid veterans’ transition to civilian life were isolated and under-funded, so our Veterans Initiative was formed to expand and connect a robust network of services for veterans and their families, helping more than 12,000 veterans receive the welcome home they deserve.

In for the Long Haul
Or perhaps you’re moved to support programs with well-documented success. Donors like you are fulfilled by expanding proven initiatives to ensure that our community’s greatest needs are met in perpetuity.

So, which type of giving appeals most to you? Perhaps you’re drawn to elements of each, and prefer a diverse portfolio of charitable investments.

Whatever your giving style, the most crucial driver of success is having an intentional plan, and adapting your approach as you learn along the way. And the best way to accomplish that is by working with a knowledgeable partner— which is at the heart of OCCF’s mission to inspire, steward and catalyze philanthropic impact in Orange County and beyond.

As Aristotle said, “To give away money is an easy matter, and in any man’s power. But to decide to whom to give it, and how large and when, and for what purpose and how, is neither in every man’s power nor an easy matter. Hence, it is that such excellence is rare, praiseworthy, and noble.”

We couldn’t have said it better ourselves.
The homeless population in Orange County has grown to crisis proportions – by 53 percent in the last five years alone.

In 2017, it was estimated that nearly 4,800 of our Orange County neighbors lacked homes. Sadly, many of these individuals include decorated veterans and those with serious disabilities.

Homelessness Impacts Our Economy

Orange County is spending an excessive amount of public and private resources to service our homeless population. A 2017 cost study by University of California, Irvine, commissioned by Orange County United Way and Jamboree, found that caring for the chronically homeless totaled more than $100,000 per person annually – a cost borne by residents and businesses in the form of increased healthcare costs and greater demand on public safety and social services. The overall cost of servicing homelessness was just under $300 million dollars!

Thankfully, there is a solution that's just not been proven effective but will also, according to the UCI study, save Orange County $42 million annually.

It's called permanent supportive housing: homes in which individuals can live in stable environments with wraparound support services and case management.

The Solution: Housing First

This Housing First approach has been proven effective in Orlando, Florida and Salt Lake City, Utah, among others.

United to End Homelessness (U2EH) was launched in February 2018 to support efforts to employ permanent supportive housing in Orange County. With financial support from the County of Orange, late last year U2EH began a pilot program with Schroeder Management Company to help remove financial barriers for property owners renting to chronically homeless individuals.

A Housing-First Approach to Ending Homelessness

The pilot is off to a great start with 11 individuals already housed. As soon as possible, we plan to scale up and engage hundreds of property owners throughout Orange County. In Orlando, over 2,000 apartments were made available through private property owners.

A Community Effort

These efforts are key components in the broader countywide effort to create enough supportive housing units to achieve functional zero homelessness. The key: continued community collaboration focused on shared goals and defined roles.

From the work of the Orange County Commission to End Homelessness to the newly re-energized Orange County Housing Trust, to the thousands of volunteers who participated in the biennial Point in Time count, we all play important roles in ending Orange County homelessness.

We’re honored to play our part in convening some of Orange County’s top leaders – including those from Kaiser Permanente, the County of Orange, Ware Malcomb, the Tarsadia Foundation, Wells Fargo, Bank of America, Pacific Life and others – who are focusing their attention on providing sustainable solutions to this important issue.

Humanity and Dignity for All

With the impressive involvement of our community’s all-star players, I know we will end homelessness. This will not only sustain Orange County’s world-class quality of life but more importantly, improve the lives of our neighbors suffering from homelessness.

Susan B. Parks is the President and CEO of Orange County United Way.

Changing Standards Provide Fiscal Opportunities for Nonprofits

It’s not often I find myself being able to draw a direct correlation between new accounting guidance and positive, practical outcomes for Nonprofit Organizations (NPOs). But in the case of Accounting Standards Update (ASU) No. 2016-14, Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-For-Profit Entities, there is a silver or perhaps gold or platinum lining.

The donating public expressed a desire for more information regarding an organization’s sustainability, and this is the accounting profession’s response.

Though this new accounting standard is all about increased transparency and consistency in reporting the true liquidity of NPOs, it concurrently provides a platform for introspective planning by management and governing Boards, regarding the near and long-term health of an Organization.

Here are three key, practical applications of this new standard that will help Organizations move towards long-term sustainability, while at the same time providing the required financial statement presentation and disclosure information.

Net Asset Categories Have Changed

Net Asset (the difference between assets and liabilities, aka equity in for-profit accounting terms) reporting goes from 3 categories (Unrestricted, TemporarilyRestricted & Permanently Restricted), down to just two by combining theTemporarily and Permanently Restricted categories into simply “Net Assets with Donor Restrictions”. Footnote information will detail out the specific restrictions.

The practical opportunity here is to look at what type and how much of an Organization’s support falls into the two categories and ensures that sustainability plans consider this ratio. Is this ratio of unrestricted to restricted amounts desirable and expected? Should the Organization change its donor support programs, altering course to better match its needs? It will be easier for Donors to determine whether an Organization is stable and supporting itself, or having problems simply meeting operating needs.

Liquidity

A strong indicator of financial health and stability is liquidity. The new accounting standard requires NPO financial statements to discuss the quantitative measures of their liquidity as well as qualitative measures, such as how liquidity is managed and monitored on an ongoing basis.

Nonprofit Organizations have a tremendous opportunity to re-write how they manage their resources. Undoubtedly, Organizations will learn a lot about their cash flow management and will be tasked with looking out 12 months or more, in order to provide the required information.

Expenses are Front and Center

Another significant reporting change that comes with this new standard relates to the categorization and disclosure of expenditures. Again, with the donating public wanting more information on how their support is spent, NPOs will report not only the functionality of expenditures (i.e., program related or support related) as they do now, but also additional details regarding the nature of the expenditures and how they relate to programs or support.

Enhanced expense reporting will force Organizations to review the relationship between line item expenditures and their mission. This exercise will put Management in the shoes of the donor, and ask the proverbial question “…did we need to spend this?”

**The 2019 GIVING GUIDE**

**What inspires you to give?**

The first gift that I can remember that was substantial in my life was when I was in my late teens and was on a mission in Thailand. I went to an orphanage where I met a little girl with spina bifida. She asked me to hold her, and then dug her fingernails in my back and wouldn’t allow me to lay her down. I held her for four hours that day and came away deeply moved about the meaning of service and ever since that day, because the experience brought me joy! Why do I give? First, it is to grow my JOY! The more I give the more child-like I am and full of wonderment. The second is impact! We truly can change the world. It feels to me that the only way I can keep that which is so precious to me, is to share it, to give it away. Finally, today I truly know what it is that fulfills me….it is to awaken passion in others for social good and I get to do this every day!

Summarize a personal experience you've had working with a nonprofit organization that has had the greatest impact on you.

Habitat for Humanity Orange County was my first major experience that allowed us to formalize our giving and to learn how to talk about our giving. However, the personal experience that had the greatest impact was the mind-shift that took place for me two years ago when I initiated the relationship between the National Roofing Contractors Association to create one partnership with Ronald McDonald House Charities. I originally believed that our only impact could be to help our community of Orange County. However, when asked what we could do to lift our trade association by NRCA CEO Bill Good, it occurred to me that our roofing professionals across the country could discover the joy and success that we have experienced in Orange County donating roofs. Now an entire trade association is partnered with a great non-profit that affects families across this country. The Ronald McDonald Houses do not worry about keeping the families they serve safe and dry when they need it the most, and we (the NRCA) know what we stand for. We are sheltering families, keeping them close to their sick children.

**What inspires you to give?**

What inspires me to give today is the same reason I was inspired to begin giving as a child. I grew up in a lower middle-class family without many physical possessions but a great deal of love. That love and security encouraged me to want to share what little I had with those in my small town in Michigan…...I loved to give them something they did not have and watch the joy and smiles that followed.

Fortunately, my husband George came from a similar background and therefore his outlook on giving was the same as mine. It made it easy to give back as a couple in these years of our life.

Summarize a personal experience you've had working with a nonprofit organization that has had the greatest impact on you.

My most rewarding personal experience working with a nonprofit organization was working on the Segerstrom Center of the Arts Plaza. The Plaza Moved people to an array of free performances all year long.

At the dedication, I saw hundreds of visitors from around our community enjoying the day, the sunshine, the festivities - - and each other's company. It is exciting and humbling to actually see that my husbands and my actions can make impact in the community.

**What inspires you to give?**

Being blessed with the ability to give back to others in our communities is where it all started. Our philanthropy has grown to include proactively working with non-profit organizations to “think bigger” and to motivate additional community members to step up alongside. Together we make the change! Our philanthropic effort is a joint initiative of West Coast University (WCU), WCU Foundation (WCUF), American Career College (ACC), ACC Educational Foundation (ACCEF), and the Pyle family. We are committed to the health of the communities where we live, work and do business and believe that access, research, innovation, and life-long education are keys to healthy communities. A top focus is always supporting the opportunities for underserved and at-risk children and families. Supporting Orange County charities such as the Boys and Girls Club Central Orange Coast, CHOC, KidsWorks, Augie’s Quest, Natalie’s Wish, Orangetown, Casa Teresa and others both locally and nationally, is a lasting legacy and an investment in future generations.

Summarize a personal experience you've had working with a nonprofit organization that has had the greatest impact on you.

So many wonderful and impactful experiences could be shared. One example of working with a nonprofit organization that has moved me to action is KidWorks in Santa Ana. KidWorks has a vision to transform challenged neighborhoods in central Santa Ana by building on the strengths and potential in the community through education, character formation, and personal development. Being an educator this clearly hits close to my heart. The experience I have had is a long-term engagement with the organization, deepening my understanding and clarity of philanthropic impact each year.

A few years ago, I had the chance to sit down with Erika, an alumna, Alex, a high school sophomore, Mia, a staff member and David Benavides the CEO. Within an hour, I heard from those served about safety from gangs and gunshots, partnering with parents, becoming a better person and their organic growth of a relationship with the program.

Erika went on to a scholarship at Mater Dei, Biola University and a Masters Program at Azusa Pacific. She developed CLOSA, Community Service of Santa Ana, in giving back and has taken the KidWorks model to the Philippines where the needs look much the same as Santa Ana. Lives changed, generations changed. Inspirational!
What inspires you to give?

We are inspired to give because we want to make a real, lasting difference in the world to strengthen communities and nations in novel ways that had not been realized before. We feel uplifted when we give to people less fortunate than ourselves whose lives are profoundly improved.

Summarize a personal experience you’ve had working with a nonprofit organization that has had the greatest impact on you.

It has been particularly rewarding to work with Easterseals Southern California to see the impact on members of our local communities. We’ve been able to ensure that adults with disabilities have opportunities to become part of the fabric of Orange County, whether that’s through paid work, volunteerism or simply living in their communities as neighbors and friends. One of our local participants had been saving up from his weekly paycheck to buy his Mom a plane ticket to come visit him and see Disneyland. When he reached his goal, the pride and happiness he exuded was so satisfying to see that we celebrated right along with him!

ATTENTION NONPROFITS...
ENJOY THE DUCKS ON ANTIS!

ANAHEIM DUCKS AND ANTIS ROOFING & WATERPROOFING HAVE TEAMED UP TO DONATE THOUSANDS OF DUCKS TICKETS TO LOCAL NONPROFITS.

Talking with Charles Antis is like attending a one-on-one TED Talk. The founder and CEO of Orange County-based Antis Roofing & Waterproofing is a charismatic and community-minded person out to inspire others to do well by doing good. A sought-after speaker whose efforts have received a number of awards, Antis believes his company’s model of corporate social responsibility can be implemented by other mid-range and small businesses—and in fact to survive and prosper companies must. He and his dedicated staff support more than 100 nonprofits, including Habitat for Humanity (Antis and his employees have volunteered to install roofs on all Habitat homes built in O.C. in the past 10 years) and Ronald McDonald House (Antis convinced a national group of roofer to follow his company’s local example by repairing or replacing the roofs on all 165 Ronald McDonald Houses in the U.S.).

Antis believes that the “purpose before profit philosophy ensures a company, its employees, and the entire community will thrive together.” The Anaheim Ducks agree, joining him in creating the Antis Roofing Community Corner to benefit local nonprofits.

The Anaheim Ducks provide a section worth of tickets sponsored by Antis Roofing to every Ducks home pre-season and regular season game, given to selected nonprofits. The organization can invite those served by the charity, and/or its volunteers, staff, and community supporters. The nonprofit is recognized during the game, including shots of the group seated in the Antis Community Corner displayed on scoreboard screens in the arena.

“Thank you so much for the tickets,” writes Ernesto, a United States Marine Corps veteran who sat in the Antis Roofing Community Corner with other veterans. “This was the first hockey game my family and I ever attended, and it was a truly great event we will never forget.”

Some 50 nonprofits participated in the program last season, with more than 10,000 tickets donated. This season, the Ducks doubled the number of tickets. “Cheers to the superheroes at the Ducks organization for expanding the Antis Roofing Community Corner to 20,000 seats for the 2018-2019 season!” Charles Antis says. “We thank them for their leadership in giving so much joy to so many. With this program, we are lifting our community toward purpose as we work with local nonprofits to participate in creating the world we want to live in. Come join us!”

Nonprofits with 501(c)(3) status can apply for tickets and everyone can learn more about the Antis Roofing & Waterproofing Community Corner by going to www.antisroofing.com/impact.

**Roosters Needs Your Help To Support Children's Nonprofits In OC**

The Roosters Foundation of Orange County is a nonprofit organization that has been volunteering their time for 40 years to raise funds to support over 50 small nonprofits in Orange County that provide food, education and emotional and physical well-being to underserved children and families.

These smaller charities generally “fly under the radar” of large grant providers and are largely staffed with volunteers. Roosters members carefully select and vet their charities to ensure that funds are needed and well used.

Teaching Teen Parents to Thrive

“Seven years ago, I thought my life was over. At one point, I had no hope whatsoever and contemplated suicide as an option. Through Fristers, I found purpose, motivation and inspiration. I’ve learned to love myself, embrace my shortcomings, and realize I am enough.” - Jessica

Discouraged, ashamed, overwhelmed, terrified, aimless. These are just a few of the many emotions teenage parents experience. Oftentimes, teens aren’t given the support and resources they need to thrive as individuals and young parents. Fristers’ goal is to give them hope. We provide a community of support to help teens grow while building healthy, stable lives and families. Over the past 10 years, through educational classes, workshops, mentoring and case management, Fristers has positively impacted more than 2,000 Orange County teen parents and children.

Fristers helps teen parents, like Jessica, graduate high school, enroll in college and vocational training, secure employment, build healthy relationships and learn how to be a responsible and caring parent. In addition, their children receive early intervention services that improve their developmental, social and educational gains. Fristers’ programs and services for teen moms, dads, couples and children are available through five city chapters in Orange County. To learn more, please visit www.fristers.org.

THE IMPACT OF ALZHEIMER’S ON THE WORKPLACE

6 IN 10 caregivers were employed in the past year. These individuals worked an average of 35 HOURS per week while caregiving.

18% of caregivers went from full-time to part-time or cut back hours.

NINE PERCENT of caregivers gave up working entirely.

57% of employed caregivers had to go in to work late, leave early or take time off due to caregiving demands.

SIX PERCENT RETIRED EARLY.

Nearly ONE-QUARTER of caregivers are in the “sandwich generation” — meaning they care for an aging parent and children under 18.

83% of care at home is provided by family members, friends or other unpaid caregivers.

MORE THAN 3 IN 5 unpaid Alzheimer’s caregivers are WOMEN — and there are 2.5 MORE women than men who provide 24-hour care for someone with Alzheimer’s.

Education Equals Success

A high school degree is crucial for an individual’s economic and social success in the U.S.

We believe education is the single greatest investment any individual can make in themselves to improve their life. The HSE certificate is recognized by the State of California as equivalent to a high school diploma. VOLUNTEER OPPORTUNITIES

Being a mentor is one of the most rewarding and enjoyable ways to volunteer. Play sports, go on a hike, or offer advice and inspiration—you make a difference just by showing up and being there for a child. The best part of being a mentor? It’s fun! Our Littles are hand-selected for each volunteer mentor, ensuring a great fit when it comes to shared interests, geography and personality. In as little as a few hours a month, you can help ignite the potential of a child in our community and open their eyes to new possibilities.

GIVING OPPORTUNITIES

By donating to Big Brothers Big Sisters, you are joining our mission to ignite potential through mentorship for a child in Orange County and the Inland Empire. The generous support of donors allows the agency to conduct a thorough background check of each volunteer, as well as provide monthly support from trained staff to ensure the health and safety of the child and mentor. For $1,500, you can support one match for an entire year.

Monthly Giving Opportunities:
- For $25, you can help us recruit one volunteer
- For $50, you can fund the first meeting of a Little and his or her mentor
- For $100, you can help our certified staff ensure that a match is healthy and sustainable

Other Giving Opportunities:
- Sponsor an event
- Sponsor a peer-to-peer mentoring site through High School Bigs
- Become a corporate mentoring site through the Workplace Mentoring program
- Make a general donation at ocbigs.org/donate

GOALS FOR 2019

- Continue to grow the number of youth we serve by approximately 10 percent
- Continue our tradition of nearly 100 percent of Littles graduating from high school on-time to create long-term, generational change for youth and families in our community
- Maintain the highest level of safety of our children and continue the quality of our program experience

Be the reason she thrives.

Here are three good reasons to invest in Children’s Bureau:

1. Children are at risk
A report of child abuse is made every 10 seconds.

2. We know how to help
For 115 years, Children’s Bureau continues to lead efforts in protecting vulnerable children through prevention, treatment and advocacy.

3. Prevention makes good economic sense
For every $1 invested in prevention, $4-$9 is saved in future public spending.

SUCCESS BELLS

When a Chrysalis client lands a job, they ring the Success Bell. Employment Specialists, staff, and clients gather together in the lobbies of our centers to celebrate.

Together, we rejoice in the life-changing opportunity that a job brings, while we also reflect on the barriers that were overcome.

“Don’t give up,” we often hear our client say. As we stand together, we see the start of a ripple effect that will create positive waves in our community… and it all begins with a job.

Volunteer Opportunities

A Court Appointed Special Advocate (CASA) volunteer goes through 30 hours of comprehensive training, has background checks completed and takes a sworn oath of confidentiality. The CASA volunteer will be matched with one child in the foster care system with whom they will visit on a regular basis (at least twice a month for two hours), interact with professionals involved in the case and make recommendations directly to the court at Periodic Review Hearings, ensuring that the child’s best interests are protected while they are in dependency.

CASA also has volunteer opportunities within supportive auxiliary groups – Friends of CASA (FOCASA), CASA Diversity Committee, Kids 4 CASA and Junior Kids 4 CASA. Please email Matthew Wadlinger at mwadlinger@casaoc.org to learn more about these opportunities.

Make a difference in the life of an abused, neglected, or abandoned child in your community. There are many ways to give to CASA of Orange County – including corporate sponsorship opportunities, individual gifts, planned giving and vehicle donations – to name a few.

To learn more or to make a gift, please visit casaoc.org/give or contact Rebecca Rader, Chief Advancement Officer, at rrader@casaoc.org or by calling 714-619-5141.

Goals for 2019

HOW CASA VOLUNTEERS EFFECT CHANGE:

Michelle, moved between four group homes, two schools and had three social workers - all within 18 months. Her CASA successfully advocated for a stable and long-term placement, secured a math tutor so she could catch up in school, and has been the only constant in her life. On her recent 14th birthday, Michelle told her CASA that she considers her family and thanked her for always showing up.

Advocate, Mark, was able to help his CASA youth, Billy, gain the confidence to try out for a team sport and he is now on the school football team, making new friends, and has improved grades at school. Billy shared with his social worker that Mark was the first person in his life to ever say, "I believe in you!"

Eighteen-year-old Michael, was a victim of shaken baby syndrome at just a few months of age and is non-verbal and non-ambulatory as a result. His CASA worked with group home staff to arrange a few hours at the beach for an outing together - which is a big deal since every outing out of the group home requires use of a specialized van as well as staff coming along. It was the first time Michael had ever seen the beach in person.

“Girl Scouts showed me how to be a leader and take risks. I grew as a person and found a place where I could truly be myself.”

As a fourth grader living at the Orange County Rescue Mission, Sierra was invited to attend a meeting with Girl Scout Troop 1082. In Girl Scouts, she found a safe space where she could be silly, make friends, practice independence and leadership, and experience adventure at Girl Scouts of Orange County’s Camp Scherman. Sierra and her family no longer live at the Mission, but she continues to be a role model to the younger girls in Troop 1082 where she is a Girl Scout Ambassador. She has earned two of Girl Scouts’ highest honors, the Girl Scout Bronze and Girl Scout Silver Awards, and is currently working on her Girl Scout Gold Award. Sierra wants to change lives, just as Girl Scouts has done for her.

At Girl Scouts, we know that when given the opportunity, girls change the world. When you support Girl Scouts as a volunteer or donor, you help nearly 20,000 Orange County girls gain the skills and confidence to live their best lives and make the world a better place.

We put our mission into practice through the Girls Inc. experience that equips girls to navigate gender, economic, and social barriers and grow up to be healthy, educated and independent adults.

THE NEED TODAY

GIRLS

In Orange County, there are 275,940 girls. Regardless of cultural, racial, and socio-economic backgrounds, they face universal barriers to equality and success in life:

1 in 4 do not finish high school
45% of girls say that they are told to downplay their strength
Only 60% of U.S. college women graduate

CALIFORNIA AND THE ORANGE COUNTY COMMUNITY

Community Cost
High school student drop out costs California an estimated $46 billion annually

Lack of Student Support
For every 1,401 students, there is 1 school counselor in Orange County Schools

Poor Workforce Development
Orange County faces a critical shortage of skilled workers for high-paying jobs in key STEM (Science, Technology, Engineering, and Mathematics), manufacturing, health care and informational technology

Girls Inc. addresses these challenges that Orange County girls face by positively changing the lives of 4,000 girls, kindergarten to 18 years old, each year with year-round holistic, compensatory, and intentional programming focusing on STEM (Science, Technology, Engineering & Math), financial literacy, sound body image, healthy relationships, and college and career readiness.

JOIN US TODAY!

COMMUNITY SUPPORT

We’ve all been touched by Hoag in one way or another. Some of us have been a concerned friend or family member, grateful that the one we care about is in the best place he or she can be. Some of us have been patients, experiencing first-hand the extraordinary level of care that Hoag provides. Many of us have had both experiences. With the community’s continued partnership, Hoag is committed to being the gold standard of care in Orange County and across the nation.

Illumination Foundation worked with the city of Anaheim and community leaders to house 200 homeless individuals in the Anaheim Interim Emergency shelter. The shelter was built, staffed and opened in 14 days on December 20, 2018.

AREAS OF FUNDING

March marks our largest Annual fundraiser, OC Chef’s Table presented by Disney and held at the Disneyland® Hotel. The event raised over $1,000,000 on 3/3/19 and brought together 44 chefs from Orange and LA Counties who used their culinary talents to combat homelessness. The event’s fundraising focus was emergency housing for families and children. Our current wait list is 80+ families living in unstable conditions including parks, beaches, cars and motels.

Educational Panel on Homelessness featuring nationally-recognized speakers.

Illumination Foundation is working on a potential golf tournament with a corporate partner. The details are being formulated with a tentative date of summer (July).

The inaugural Festival of Trees is also being worked on for late fall. We will work with local designers and artisans to present a “festival” of imaginative and designer coveted holiday trees.

Small, focused private dinners with the CEO sponsored by various donors.

GIVING OPPORTUNITIES

Giving opportunities available at every level; recurring monthly, one-time, directed toward funding for children, emergency housing or recuperative care. We work with corporations to create value-driven sponsorships for all of the above fundraising and volunteer events and encourage corporate matching.

The Power of One Luncheon - November 2019

Held in early November, this luncheon is a salute to National Adoption Month as we recognize the extent and magnitude of the “one factor.” As adoptive parents and others share their stories, Olive Crest’s conviction that every child deserves a family reverberates throughout the room. The Power of One luncheon is both unforgettable and moving; year after year guests return to attend this sold-out event.

GOALS FOR 2019
► OCCF’s Collaborative Giving Days will continue in 2019 to empower local nonprofits to widen their circle of engagement, visibility and support. This year’s Giving Days will build on the overwhelming success of 2018, during which 78 nonprofits joined together to raise nearly $1.5 million across 7 days for their causes.
► An accurate count for the 2020 Census has wide-ranging, long-term implications for Orange County. However, an estimated 25% of OC residents are part of hard-to-count (HTC) communities at risk of being under-counted. With nearly $2,000 per person per year in federal funding at stake, a failed Orange County census could jeopardize $15 billion in resources to our most under-represented communities over 10 years. To provide guidance and leadership in supporting Census outreach and engagement for our HTC communities, OCCF is partnering with OC Grantmakers and Charitable Ventures of Orange County to create a coordinated plan to ensure that all OC residents count.

GIVING OPPORTUNITIES
► The Powering Good Fund supports solutions to our community’s most critical needs. OCCF collaborates with partners in education, college and career readiness, veterans’ needs, immigrant integration, environment, and strengthening the Orange County nonprofit sector. Find out more at oc-cf.org/powergood.
► OC Veterans Initiative helps local veterans achieve a successful transition from military service to a civilian life that offers steady employment, stable housing, and security promising a future for them and their families. To learn more visit oc-cf.org/veterans.
► ACT Anaheim is a collaborative response to the needs of youth facing poverty, academic challenges and limited opportunities in OC’s hidden urban core. We’ve convened a collective effort by community partners and local nonprofits to enhance the future for thousands of Anaheim youth. Visit oc-cf.org/actanaheim to learn more.

FUNDRAISING EVENTS
The fourth annual OC Real Estate luncheon will be held on April 18, 2019 with proceeds benefitting the health, education and employment of veterans through OCCF’s OC Veterans Initiative. Purchase tickets at oc-cf.org/ocrel.

OCCF will celebrate 30 years of growing the good in Orange County at our Annual Meeting on November 20, 2019. This event brings together 700 passionate donors, nonprofit partners and community leaders to celebrate the power of philanthropy. Visit oc-cf.org/2019AM to learn more.

We turn hunger into hope.

Children face all kinds of challenges as they grow. But one in six of our children in Orange County face an even higher hurdle: battling hunger. And hungry children often have more illnesses and hospitalizations. Developmental delays. Behavior problems. Poor school performance. Lifelong consequences that you could prevent.

At Second Harvest, we have spent more than three decades working to eliminate hunger for all these children and their families. Because of our volunteers and food donations, we can provide the equivalent of three meals for every dollar you donate.

But there's still a gap. Please join us in giving all our children three meals today—and the tools they need for a better tomorrow.

Donate today at FeedOC.org or call 949-208-3888.

Volunteer Opportunities

South County Outreach volunteers are dedicated, positive, and inspired to make an impact. We have options for everyone, whether you can spare a couple hours a week or want to invest in a longer-term commitment, you have a place here. Our volunteers stock shelves and assist clients through the pantry, pick up grocery rescue donations and food drive barrels, work in the front office, instruct our Computer Learning Lab classes, and complete skilled trade projects we would otherwise be unable to fund.

We have opportunities for students, corporate volunteer groups, faith groups, young-at-heart retirees, and flexible weekday and weekend hours. The door to impact is open today — will you join us in walking through it?

Mission Statement

Preventing hunger and homelessness by helping people help themselves.

Fundraising Events

Empty Bowls — April 9, 2019

Empty Bowls is an international event to fight hunger hosted on a community level with support from local artisans, chefs, businesses, groups and individuals. The 7th Annual Empty Bowls event will feature a unique soup tasting from local chefs. Each guest will leave with a handmade ceramic bowl to serve as a reminder of those whose bowls are truly empty.

Festival of Trees — December 6, 2019

The highly anticipated 6th Annual Festival of Trees reception and tree auction will be an evening full of live entertainment, tasty provisions, and holiday cheer. Festival of Trees raises awareness and funds to bring those in need of shelter and food for the holidays and beyond. Trees are sponsored and decorated by local businesses and corporations.

Giving Opportunities

South County Outreach is celebrating our 30th Anniversary! Thirty years of the Orange County community coming together to help our seniors feel safe, our children feel full and confident, and our neighbors feel dignified in their greatest times of need. Without your aid, South County Outreach could not restore confidence and provide hope to those in crisis. Support comes in all shapes and sizes — consider a $30 for 30 months recurring donation in honor of our 30th Anniversary, ask if your company has a matching gift program, help manage our social media accounts, or partner with us for any of our fundraising events or client programming. Want a more lasting option? Name South County Outreach in your will, adopt a condo and sponsor the renovation of our client housing, or become a board member and guide the future of South County Outreach.

Goals for 2019

► Reduce family homelessness through individualized housing plans
► Reduce hunger in low income households
► Prevent homelessness in households that need a single bridge payment to avoid eviction

Preventing hunger and homelessness by helping people help themselves.

Since 1989, South County Outreach has served people in need and households in crisis. We serve homeless families, the underemployed, unemployed, seniors, veterans and other at-risk residents of South Orange County. Many of our clients struggle to make a living earning minimum wage. We work to keep people safely housed and fed, serving 7,000 local people each year through 50,000 services.

Making Each Moment Count

A LITTLE MORE COMFORT. A LOT LESS PAIN. A DREAM FULFILLED.
A FINAL WISH COME TRUE.

THE IMPACT OF YOUR SUPPORT

Thirty-two year old Heather had heroically battled endometrial cancer, and one of her final wishes was for a day of wine tasting at her favorite spot with her closest family and friends. The Southern California Hospice Foundation, with the help of the community, granted her request.

Heather’s special day started with a volunteer cosmetologist providing a mini spa session at her home, complete with makeup, a red dress, and gold sash printed with the words, “Fierce, Flawless, Fabulous.” Next, Grapeline Tours provided Heather, her family and friends with a luxury shuttle to the Peltzer Winery in Temecula. Settling into a cozy couch at the winery’s outdoor patio, Heather enjoyed receiving a gift basket from the Southern California Hospice Foundation, sipping wine, and connecting with all those she loved.

Even when facing terminal illness, Heather was a young woman who emulated perseverance, grace and faith. So it came as no surprise when Heather’s closest friends and family each gave impromptu speeches about how their lives had been blessed by hers. And Heather, in turn, spoke about her faith in God and how she had been blessed with friends and family in her life as well. Between the many hugs and smiles, this day embodied the love of a life well lived.

Just two weeks later, Heather passed away peacefully under the care of hospice surrounded by all those she loved.

Collectively our Team Kids leaders raised $85,000 in resources to address their communities most critical issues-100% of which, was donated to charities of their choice. Our Diocesan schools are among the best in the nation. Keeping them ahead of the curve is expensive. So too is the cost of educating our children. We know that not everyone can afford to send their children to a Catholic school but a primary goal of The Orange Catholic Foundation is to help make Catholic education available, accessible and affordable to all Catholic parents and their children, including those who are poor and economically challenged. We are creating a system that provides support for the children of all Catholic families who are willing to pay according to their means.

ABOUT

Founded in 1983, The Wooden Floor is one of the foremost creative youth development nonprofit organizations in the country. We transform the lives of young people in low-income communities through the power of dance and access to higher education. Our students become change agents and beacons of hope within their own families, their neighborhoods, our community, and our world.

VOLUNTEER OPPORTUNITIES

Volunteers play a vital role from donation drives to providing meals for residents. Volunteering at WISEPlace is a meaningful way to give back to some of the most vulnerable members of our community. We are happy to arrange volunteer days for your company and we even have a men’s volunteerism group, the WISEGuys. For more information on volunteer opportunities, or to see a list of needed items, please contact Elizabeth Hendershot at eLiz@WISEPlace.org or 714-542-3577.

GIVING OPPORTUNITIES

We rely upon the dedication of our supporters to provide a caring community for those who call WISEPlace home during times of homelessness. Our community of supporters includes individuals, corporations, foundations, government programs, in-kind donations and collaborations with community organizations. Patrons can also support WISEPlace by hosting a gathering in your home, donating your birthday or anniversary, honoring a loved one with a tribute gift, and donating gifts of stock. Please contact Brateil Aghasi at baghasi@wiseplace.org or 714-542-3577 for more information on giving opportunities at WISEPlace.

GOALS FOR 2019

► Sustain the 150% programmatic growth while growing evidence based, trauma informed delivery of services and impact.
► Increase corporate volunteer engagement and sponsorship by 25%.
► Develop and build a housing first service model with at least 30 units of Permanent Supportive Housing.

WISEPlace is a community of housing and hope for homeless women in Orange County. Through emergency housing, transitional housing, and financial empowerment, we open new doors to self-reliance for homeless women.

In over 30 years, we have helped 7,800 women transform their lives.

Sherri's Story

Sherri came to WISEPlace at age 60. Her late-life divorce from an abusive partner left her emotionally and physically ill, financially devastated, and homeless. At WISEPlace, Sherri began the difficult road to healing. With supportive services, she improved her health, got a job, and repaired the financial damage of her divorce. Today, Sherri lives independently and gives back to WISEPlace.

This allows the Y to bridge the financial gap for low-income individuals and families who cannot otherwise afford the full program rate. 100% of funds raised goes towards families in need of financial assistance. Volunteers can join our cause and assist in raising funds for those in need. If you would like to join our campaign team, visit ymcaoc.org/volunteer.

WHY THE Y?

The Y is more like a family to us than a gym. My family and I all look forward to coming. Training [at the Y] has become a fundamental part of my recovery. Not just physical, but for my mental health as well. There is no better place for my family and I to be members.

- Brad, YMCA Member

Our vision is to improve lives through...

**Youth Development**

The Y nurtures the potential of every child and teen by supporting their development through holistic programming. With a child care program that meets the demands of today’s families, camps that give kids of the opportunity to grow, and programs like Safety Around Water that give children and parents confidence, the Y provides all youth with the tools and resources they need to succeed in life.

**Healthy Living**

The Y aims to improve Orange County’s health and well-being by providing programs and activities that promote wellness, reduce risk for disease and help others reclaim their health. We achieve this through fitness, sports & recreation, youth obesity awareness, and opportunities for families to build strong bonds.

**Social Responsibility**

We know that when we work together, we move individuals, families and communities forward. Without our donors, volunteers, staff, and community supporters, we could not effectively respond to society’s most pressing needs and develop innovative, community-based solutions to help those in need to reach their full potential.

**Evening of Excellence Gala Event**

Honoring YES’ Employers of Excellence
September 26, 2019 - The Pacific Club, Newport Beach

Our annual gala, Evening of Excellence, honors employers for their ongoing commitment to hire and support YES graduates as they transition into the workforce. The event includes a cocktail reception, wine pull, auction, award presentation, and dinner. Proceeds support the Comprehensive Job Readiness Program and its expansion into greater Orange County.

Sponsorship, donations and attendance opportunities available.
Youth Employment Service works!

And so does Ahmad!

“After several job interviews where I didn’t get the job, I came to YES. YES taught me how to communicate my strengths in an interview. I went into my next interview with full confidence and OpenText could see that I was the perfect fit. Now, three years later, I’m still loving it at OpenText and I have been promoted twice. I wouldn’t be here without YES.” – Ahmad Alatab

Our mission is to teach youth and young adults ages 16-24 the skills needed to secure and maintain meaningful employment, and to offer programs that help young people improve their employability, career choices, and quality of life.
